

US Financial Aid Acceptance

To accept your US Financial Aid Award Package, please fill out the following information. Please note that any scholarships you receive will be subtracted from the amount you are eligible for. You must list all discounts and scholarships you have been awarded.

Your loan will be disbursed in two equal installments, one at the beginning of the Fall semester and one at the beginning of the Spring semester. Please note that you can reduce your loan amount in between if need be. Please inform me about this in advance. The money will be deposited into Frankfurt School's account, and allocated to all open invoices. The remaining amount will be transferred to your German bank account to support your Cost of Attendance.

Important: While you are allowed to borrow the amount you're eligible for, you are not required to do so. Please consider how much you actually need to borrow, as the entire amount will need to be repaid with interest.

Full Name: _____
