

MASTER OF FINANCE SUCCESS STORIES

Women in Finance

Every career journey is different. The alumnae featured in this leaflet have built their own paths across industries, organisations and markets, turning ambition into impact in different ways. We hope their stories offer inspiration, perspective and a glimpse of the possibilities that lie ahead for the next generation of finance professionals.

Anna C. Ebsen

Master of Finance

Class of 2020

"The MSc Finance at Frankfurt School significantly deepened my financial expertise after completing a broad-based business degree. My specialisation in Corporate Finance provided a strong foundation for my work in M&A, while the flexible study model allowed me to gain valuable practical experience alongside my studies. Beyond the academic content, the network of peers remains a valuable long-term benefit."

Abila Serghini Anbari

Master of Finance

Class of 2021

"Being able to combine work and my MSc Finance at Frankfurt School was the greatest opportunity to accelerate my learning curve and build the foundations of my career. Through networking with a professor, I found my first working student position, which led to a full-time role and five years of rewarding career advancement. The school's prestige and its finance-specific community — from roundtables and corporate events at Frankfurt's most prestigious institutions to job postings on JobTeaser — opened doors and opportunities I would never have accessed otherwise."

Valentina Khachatryan

Master of Finance

Class of 2024

"The MSc Finance played an important role in shaping my career. It gave me a strong technical foundation in finance, a practical understanding of the industry and the confidence to approach complex challenges and pursue opportunities I may not have considered before. Beyond the academic knowledge, the programme allowed me to learn from ambitious and diverse peers, build a valuable professional network and develop both the skills and mindset needed to navigate a competitive industry. Looking back, the MSc was not only an investment in my education, but an important step in developing my professional identity and, most importantly, gaining the confidence to aim higher".

Ariadne Rosenthal

Master of Finance

Class of 2025

"For me, the MSc Finance at Frankfurt School stands out for its strong academic reputation, teaching me advanced corporate finance and bringing it to life through practical experience in every lecture. That combination shaped me both personally and academically and helped me advance my career in the finance industry."
