## WHAT YOU CAN EXPECT

Mergers & acquisitions are complex, strategically significant processes that can fundamentally reshape companies. The Certified Mergers & Acquisitions Associate programme at Frankfurt School of Finance & Management imparts comprehensive expertise in company valuation, due diligence, negotiation and integration management. Participants acquire the skills to manage transactions securely and to contribute effectively to corporate success. The programme is designed for professionals aiming to take responsibility in M&A processes and to advance their careers in this dynamic field.

The self-paced, fully digital online programme has been developed together with M&A responsables from Bertelsmann, Brose, QIAGEN, TÜV Rheinland, Vossloh and Werhahn. It consists of three modules. While going through the three modules, the participant collects know-how nuggets that can be downloaded at the end of each module.
