Master in Management Candidate

Diversity Scholarship Recipient

Class Representative

Class of 2025

Participating in one of the short programmes at Frankfurt School was a transformative experience that strengthened my understanding of both finance and management. The program's immersive curriculum – from financial statement analysis and sustainable finance to strategic leadership and marketing – offered a comprehensive view of global business practice.

Learning from distinguished professors and engaging with real-world institutions such as the Bundesbank, ECB, and Deutsche Börse allowed me to connect academic theory with practical insight. This experience not only enhanced my professional skills but also inspired me to pursue the Master's in Management at FS, where I am now honoured to study as a Diversity Scholarship recipient and represent a 50+ student cohort as Class Representative.

I am sincerely grateful to the FS community for fostering an environment that celebrates ambition, inclusivity, and continuous growth.
