<b>LOCATION</b> Online		<b>DURATION</b> 12-14 hours		 <b>LEARN MORE:</b> FS.DE/ PMI
<b>LANGUAGE</b> English		<b>PRICE</b> EUR 1,950		

## WHAT YOU CAN EXPECT

Mergers and acquisitions mark decisive turning points that shape a company's future success. The Certified M&A Integration Associate programme at Frankfurt School of Finance & Management equips participants with the skills to manage integration processes effectively after the deal is closed. The curriculum covers strategic planning of integration projects, managing cultural differences and realising operational synergies. It is designed for professionals who not only want to accompany mergers, but actively drive them to lasting success.

The self-paced, fully digital online programme has been developed together with M&A responsables from Bertelsmann, Daimler, SAP, STADA, QIAGEN and with Dr. Johannes Gerds, one of the leading PMI experts in Germany. It consists of five modules. While going through the five modules, the participant collects lots of know-how nuggets that can be downloaded at the end of each module.

## FOCAL POINTS

- Integration Framework
- Integration Management
- People Integration
- Functional Integration
- Business Integration

## TARGET AUDIENCE

This programme is suitable for specialists and managers who are or will be involved in post-merger integration processes.

## CERTIFICATION

Upon successful completion of the programme, participants receive the certificate "Certified Mergers & Acquisitions Integration Associate" (Frankfurt School).

## METHODS

Videos: Six senior experts with a combined experience of more than 200 M&A transactions present condensed know-how.

Ten interactive workouts enable the participant to implement attained knowledge in daily business.

16 case studies containing best practices from real-life transactions presented by one of the experts.

250 exemplary integration tasks, which support the participant in developing an integration plan.
