STUDY ABROAD @ FS

FS Campus
The newly built FS campus at Adickesallee (2017) is centrally located in Frankfurt’s vivid Nordend area and is part of the „Campusmeile“ that connects Frankfurt’s universities and libraries. FS provides students with a first-class, state-of-the-art infrastructure and learning environment. The new building offers plenty of open space in the form of the expansive campus mall, which acts as the heart of Frankfurt School. The campus mall connects students to all major facilities including the auditorium, the Learning Centre, and the cafeteria. With numerous break out rooms and study spaces, students have plenty of opportunities to collaborate with fellow students or study on their own.

Buddy Programme
In order to support the international community within FS, FS Buddy was founded to bring together new international students with other FS students. The FS Buddy programme assists students with arrival, settling in Frankfurt, and integration. Within the online application you can directly sign up for the buddy programme!

Learning styles and expectations
At Frankfurt School students are expected to take responsibility for their own learning. It is expected that students attend the lectures, but you will also need to study independently on your own or in small groups. You will be encouraged to read widely, to analyse and question what you have read and be expected to understand the material covered in lectures or seminars—not just memorise it. Teaching styles vary but, generally speaking, independent thought and discussion are encouraged. You are encouraged to ask questions during class and to challenge and question what the lecturer says.

Orientation Day
Before the start of both semesters, Frankfurt School offers a mandatory International Student Orientation. The orientation provides students with useful information regarding academics, as well as organisational information—All important things you need to know when studying at Frankfurt School.

Frankfurt School offers various accommodations for students. Prices for a single apartment with our cooperation partner start at 700 EUR/month.
