## Description

Today's world is more demanding than ever. You need strong analytical and methodological skills to make the right decisions in data-rich environments, as well as the ability to evaluate normative implications and traverse different disciplines in order to find the best solutions to intricate and multi-faceted problems.

The Bachelor in Management, Philosophy & Economics (BSc) equips you with exactly the set of skills you need to succeed in this world: By uniquely combining the scientific rigour of economics and the analytical acuity of philosophy with comprehensive training in business studies, it gives our students an incomparable international education and distinct advantage in the global marketplace.

Furthermore, you will have the opportunity to choose from one of our numerous concentrations to specialise further in the course of your studies: Innovation & Entrepreneurship, Sustainability, Banking & Finance, Consulting & Finance, Marketing, Corporate Governance und Compliance\*, and Strukturierung von Transaktionen\*.
