- Risk Management
- Strategy & Change Management
- Sustainable Development
- Technology & Operations

What to expect

Regulatory reporting is a vital and complex process which requires a deep understanding of two things: the demands of regulators and key stakeholders and the needs of the business. This course provides professionals with first class know-how and a practical approach to fulfill these requirements. The end-of-course assessment serves as final documentation of participants' improvement as experts in the field of EU regulatory reporting.

Ideal for

Professionals who work in the field of reporting, risk management, credit and bank management and experts who are in charge of internal auditing and financial accounting.

In-house programmes

All our specialist courses are also available as customised programmes. Please ask us for a quotation.
